
Status Report: Project 1

Rajeswari Sivakumar, Ailing Wang, Niraj Kadam
• 09.04.20XX

Overview

Recent progress

- Completed preprocessing successfully
- Good accuracy on smaller set

Biggest risk

Attempting to implement dataframes

Progress - Topic area 2

Accomplishment 1

- Successfully implemented stopwords, lemmatization, and laplacian smoothing

Accomplishment 2

- Good software engineering principles
-

Attention areas

Risk 1

- Difficulties submitting to cloud
- Using eggs to submit packages to cloud

Risk 2

- Dataframes
 - Cloud time outs
-
